1.0. Introduction

Thank you for choosing ACS to be your supplier of security products!

As part of a select group of global companies at the forefront of smart card revolution, ACS provides a wide range of secure products to our valued customers. From contact to contactless smart card readers and technologies, ACS's products intend to accommodate various applications in different areas, such as banking, national ID and payment.

This document aims to provide packaging information for ACS products (in standard bulk package) to better facilitate your shipment arrangement. Information on product weight, dimensions, packaging size and quantity provided in this document are for reference only.

For more information on each product, please visit our website at www.acs.com.hk

2.0. Smart Cards and Smart Card Operating Systems

Product Name	Product Information (Without Packaging)				Packaging Details				
	Weight (g)	Length (mm)	Width (mm)	Height (mm)	Number of Pieces in an Inner Box	Number of Pieces in a Carton Box	Carton Box Weight (kg)	Carton Box Dimensions (mm)	Individual Packaging Method
CryptoMate Nano/ EVO 	4.6	29.2	14.5	10.5	100	500	13.0	560 x 380 x 300	Bubble Bag White Box
ACOS Card 	<i>Not Applicable</i>				/	2,000	12.0	340 x 205 x 220 (200 Pieces/Box)	Card Box
